

EMBARK ON A REMARKABLE JOURNEY WITH

GLORIOUS JOURNEY *of Quality & Trust* SINCE 1962

About Us

Kalpesh Corporation is a leading exporter of psyllium husk, Seed Spices like cumin, white sesame seeds and more. We specialise in delivering high-quality products to international markets, providing tailored solutions to meet your business needs.

Over the last six decades and three generations, we have established our global presence with:

- Our commitment
- Quality Assurance
- Competitive pricing
- Timely deliveries
- Exceptional customer service

Our knowledge and expertise has helped us build a global brand, delivering high-quality products for clients all over the world.

Psyllium and Seeds are natural products that usually vary in quality depending upon the geographical area where they are grown. We deliver international standard products consistently through various units – from farms, warehouses, and processing units to delivery points and distributors world over, all integrated under a single infrastructure.

We're involved throughout the production and delivery across stages including processing, to quality checks, to storage & maintenance of storage areas, sterilisations/fumigations, transportation, distributions etc.

Our strategic location in Unjha (N. Gujarat.) which is the cradle of the world's spice market, is the unique advantage for buyers overseas.

PSYLLIUM HUSK

**Psyllium the perfect way,
to stay healthy**

**ORGANIC CERTIFIED
PSYLLIUM HUSK**

PSYLLIUM HUSK POWDER

Psyllium Husk is the epidermis of the Purplish -Horse Ear -shaped (Isab ghol) dried ripe seeds of Plantago ovata F. This is obtained by grinding the Seeds. Psyllium husk powder is the pulverized form of husk.It consists of high amount of soluble fibre.Beneficial bacteria utilize soluble fiber to "fuel" the colon & facilitate natural bowel movement.

PSYLLIUM PRODUCT FORMS

Sr NO.	Husks Forms	Powder Forms
1	99% Pure	99% Pure 40/60/100 Mesh
2	98% Pure	98% Pure 40/60/100 Mesh

K.P. GROUP COMPANIES

KP Group is the dream child of a visionary entrepreneur Sri Kantilal Pransukhram Nayak from Maktupur, a small hamlet near Unjha. He started his enterprise selling salt, and moved on to become a spice trader, building the group to include processing, manufacturing & exporting quality products across the globe.

Today, KP Group is a consortium of companies that has not just cultivated a legacy of excellence but also established itself as a leading force in international seed exports. Our subsidiaries include:

- Kantilal Pransukhram & Co. - a well-established network of farmers, traders & dealers in major areas of cultivation.
- M/s Jitendrakumar Rameshkumar. - renowned export brand with market spread across the globe, specialising in export of seed spices

We're committed to agricultural innovation, especially in the global context. This, along with our extensive knowledge of seed varieties, climate conditions, and regulatory requirements has helped us become trusted partners for farmers and agricultural businesses worldwide.

Half a century into the industry, we continue to nurture the growth of agriculture, delivering seeds that pave the way for thriving crops and sustainable farming practices on a global scale.
