About us

Birkamidon GmbH is a globally renowned supplier of high quality raw materials for the food industry, supplying wholesalers and food manufacturers for the last 30 years. Our long-term experience and market expertise allow us to find the right products for you at all times. Quality, along with expert customer care from our international sales team, is our top priority.

At Birkamidon GmbH, our vision is to supply importers and food manufacturers across the globe with high quality raw materials at competitive prices. We offer our customers a complete package consisting of high quality products, flexibility in order management, just-in-time transport and enhanced customer service by native-speaker staff.

Philosophy

Our company is founded on principles of pragmatism, reliability, awareness of the quality of food and trust that has been built up over many years of honest cooperation with our partners. Our customers can rely on the fact that only the highest quality, certified and GMO-free products enter our portfolio.

Goods palletised / not palletised

Logistics

Whether it is transported by sea, rail or road - our staff will not only source the perfect product for you but also know how to get exactly the right amount of that product to you at exactly the right time, safely, securely and at the best possible price. Smoothly running logistics are an essential part of our service package.

Our Service

We not only handle the product and transport it to your designated location. We also deal with all customs issues and the relevant shipping documentation so that you can import our products to your country without facing any obstacles. This is where our many years of experience in the international movement of goods and our global network of experienced logistics partners really come into their own. Thanks to our special customs position as an Approved Exporter, we are authorised to directly certify the preferential origin of the goods to our customers.
