

COMPANY PROFILE

BioCell Technology ("BioCell"), founded in 1997, is in the business of researching, developing, and distributing science-based ingredients with applications in health and beauty. BioCell uses a licensing business model to partner with CPG brands and manufacturers to bring efficacious finished products to market. We believe that licensing is the best way to ensure the quality of the innovative finished products that contain our ingredients. BioCell earns revenues from ingredient sales.

BRANDED INGREDIENTS

Not All Collagens Are Alike!™
Ingredient for Dietary Supplements

BioCell Collagen® is a clinically studied dietary ingredient composed of naturally occurring hydrolyzed collagen type II peptides, chondroitin sulfate, hyaluronic acid. BioCell's unique matrix is not a blend of individual ingredients. Numerous safety, efficacy, and bioavailability research studies, including seven human clinical trials, confirm BioCell Collagen® promotes active joints, youthful-looking skin, and healthy connective tissues.

(Cosmetic Grade)
Ingredient for Cosmetic Products

BioCell Collagen® CG (Cosmetic Grade) is a cosmetic ingredient for use in topical cosmetic product applications. BioCell Collagen® CG (INCI: Hydrolyzed Chicken Cartilage Extract) is dissolved in water and preserved with citric acid and potassium sorbate.

Cosmetic Applications:

- Anti-Aging Cosmetic Products
- Moisturizing Cosmetic Products

Dermatologist Reviewed:

- Non-Irritating
- Allergy Tested
- Non-Cytotoxic
- Non-Comedogenic

Let Your Food be Your Medicine™

i-Sabi™ is a 100% natural dietary supplement ingredient made from the plant rhizome of Wasabia japonica, more commonly known as wasabi. It is a member of the cruciferous vegetable family, which also includes powerful superfoods such as broccoli, cauliflower, kale, turnip, brussels sprouts, mustard, arugula, and radish. Considering various biological properties, i-Sabi can be used in various condition-specific formulations, as a stand-alone or as part of multi-ingredient dietary supplement formula.
