# proteoSMART<sup>®</sup>

VEGAN PROTEIN BLEND VIE

## DESCRIPTION

Great tasting **proteoSMART<sup>®</sup> Vegan Protein** features a combination of pumpkin, flax and sunflower sources supporting a 57% total protein claim. A product of the European Union, **proteoSMART<sup>®</sup> Vegan Protein** powder is non-GMO, certified kosher and available as a conventional or organic certified source. Ideal for those looking to avoid soy allergens and the poor taste and mouth feel of pea and brown rice protein powders, **proteoSMART<sup>®</sup> Vegan Protein** powder is a well-balanced complete protein that contains more than ten essential amino acids and boasts a compelling nutritional profile rich in omega 3 fatty acids, iron and magnesium.

Highly soluble and compatible to almost any flavor profile, **proteoSMART<sup>®</sup> Vegan Protein** powder should be a staple "go-to" ingredient within the research and development group of any company that manufactures or promotes meal replacement shakes, ready-to-drink beverages, protein bars, prepared foods, sauces, cereals, breads, cookies, muffins and smoothies.
