## OUR HISTORY

### NOTRE HISTOIRE

### ان خيرات

More than the story of a business, Novarroz is the story of our family's passion.

Our journey began in the sixties, in a small water mill by the river.

Those were different times – the traditional processes from then can't compare to nowadays's technology. But the difficulties were not enough to stop our passion.

Our efforts finally came to fruition in the year of 1979, the year of our founding.

Now, fifty years gone by, already four generations have gone through Novarroz. Each one has brought renewed energy and insight to our journey.

We've learned. We've innovated. We've improved. Rice, in all its phases, has no secrets to us.

This is our legacy, that we share with farmers, partners, clients and consumers.

It's not just a business. It's our world. Our journey. Our fight. Our endeavour.

Rice is our passion.

Plus que l'histoire d'une entreprise, Novarroz est l'histoire de la passion de notre famille.

Notre voyage a commencé dans les années soixante, dans un petit moulin à eau au bord de la rivière.

Ces temps étaient différents - les processus traditionnels d'alors ne peuvent pas être comparés aux technologies actuelles. Mais les difficultés ne suffisaient pas pour arrêter notre passion.

Nos efforts ont finalement abouti en 1979, l'année de notre fondation.

Maintenant, cela fait cinquante ans déjà et quatre générations ont traversé Novarroz. Chacune a apporté son énergie et sa perspicacité à notre parcours.

Nous avons appris. Nous avons innové. Nous nous sommes améliorés Le riz, dans toutes ses phases, n'a pas de secret pour nous.

C'est notre héritage que nous partageons avec les agriculteurs, les clients et les consommateurs.

Ce n'est pas juste une entreprise. c'est notre monde Notre voyage. Notre combat Notre effort.

Le riz est notre passion.

إن Novarroz لاتعتبر أكثر من تاريخ شركة فحسب، بل هي قصة عشق لعائلتنا

بدأ مشوارنا في الستينات، في طاحونة مائية، على جانب النهر

كانت تلك الأوقات مختلفة - ولا يمكن مقارنة العمليات التقليدية لذلك الوقت بتكنولوجيات اليوم، ولكن الصعوبات التي واجهناها لم تكن كافية لتحطيم هذا العشق

واخيرا، تحققت جهودنا المبذولة بتأسيس شركة في عام 1979.

بعد مرور خمسين عاما على الشركة، فقد مرت، اليوم، أربعة أجيال عليها، وكل واحد منها سخر طاقاته بنظرة ثاقبة في مسار الشركة

لقد تعلمنا، وطورنا، وقمنا بتحسين الأرز في مراحلها، وليست هناك أي أسرار يمكن أن تختفي علينا

هذا هو تراثنا، ونحن نتشاركه مع المزارعين والعملاء والمستهلكين

إنها ليست مجرد مشروع تجاري فحسب. بل هو عالمنا، هي رحلتنا، هي معركتنا، وهي محط بذل وتسخير جميع جهودنا

الأرز هو عشقنا وشغفنا.

## MISSION & VISION

MISSION ET VISION

المهمة والرؤية

### Mission & Vision

Our mission has been the same ever since we first started: to deliver to our final clients' table the best rice in the market.

As for our vision, it is to be known internationally as a trustworthy symbol of quality.

### Mission et Vision

Notre mission est la même depuis nos débuts: livrer à la table de nos clients finaux le meilleur riz du marché.

Quant à notre vision, elle doit être reconnue internationalement comme un symbole de qualité digne de confiance.

### المنهجية

رسالتنا كانت ولا تزال كما هي منذ بدايتنا: وهي تقديم أفضل أنواع الأرز في السوق على موائد عملائنا النهائيين

بينما تتركز رؤيتنا، على وجوب الاعتراف بنا دولياً كرمز لنوعية وجودة موثوق بها

## BABY FOOD RICE

### R&D Agriculture

Selected Varieties. Novarroz has partnerships with seeds companies in order to select the most adequate variety according to the high demanding standards of this industry, particularly for the heavy metals (As, Cd and Pb).

### Region & Farmers

We analyze water (physical-chemical analysis) and soil in order to control all the variables to the plant. We select areas according to our very demanding historic of analysis (heavy metals, pesticides and mycotoxins), following Baby Food requirements. There is a positive list of pesticides approved by NOVARROZ for total control according to our expertise.

We select farmers according to their historic of analysis, and with a high demanding control on farmers' spray plan. This is made by Novarroz technicians and by 3<sup>rd</sup> part/external inspection.

### Drying & Storage

Total control of the drying process and segregated storage for Baby Food rice.

## GLOBAL PROCESS CONTROL

CONTRÔLE DU  
PROCESSUS GLOBAL

**EN** Novarroz performs full tracking of the entire supply chain. Ensuring full traceability of rice and all involved processes, guaranteeing high standards of quality and food safety.

**FR** Novarroz effectue un suivi complet de la chaîne d'approvisionnement. Nous assurons une traçabilité complète des processus de riz. Nous garantissons un produit avec des normes élevées de qualité et de sécurité alimentaire.

## ORGANIC RICE

### Organic Rice

We offer Organic rice, from both Indica and Japonica varieties.

Our organic rice is sourced from certified Organic farmers, with whom we work closely and monitor all the cultivation phases.

Our rice has both the European Organic certification, as well as the USA – NOP certification: fields, drying facilities and mill, are all audited and certified.

### Organix & Baby Food Quality Rice

We have rice that is both from Organic agriculture, and also low in heavy metals, which makes it suitable for the Baby Food industry.

## RICE BROKENS

Rice brokens are a side product of the rice milling industry.

At Novarroz we offer a wide range of rice brokens, from different types of rice, origins and grades.
