

# Well Shine® Canavalia Ensiformis (Jack Bean) Extract

✓ Repairs Bladder Function

✓ Kidney Tonic

✓ Boosts Immunity

Patented  
**CavaTide®**  
Dietary Supplement

## Exclusive Detoxification Technology

Well Shine utilizes a patented, unique technology to remove toxic substances from Canavalia Ensiformis and extract a concentrated active protein essence known as CavaTide®, which is derived from ConA (Concanavalin A). This essence has the ability to regulate physiological functions.

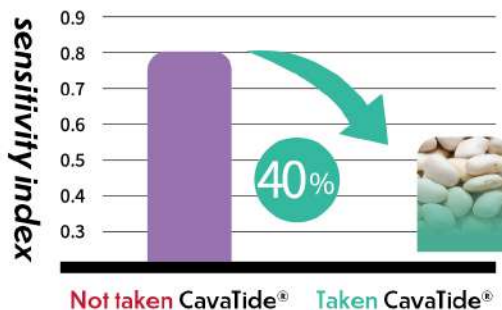

Patented Canavalia Ensiformis CavaTide®

Increase elasticity by 4 times

Patented Canavalia Ensiformis CavaTide®

Reduce the sensitivity index by 40%

An animal-model research experiment was done in Albany College of Pharmacy & Health Sciences, New York, by Dr. Levin, an internationally renowned urology expert. Research paper is available upon request.
